Good Design	<ol style="list-style-type: none"> 1. Easily adaptable for new users 2. Simple design 3. All the items are categorized 4. Easy to access the products, cart and order the items 5. Easy to setup
Design Issues	<ol style="list-style-type: none"> 1. All the interfaces have plain white backgrounds 2. Colour theme and the UI themes are not attractive to the user 3. No update or delete function in user profile 4. Takes time to load 5. Sometimes product pictures are not loaded properly 6. Bottom navigation disappears in the search page 7. Selecting the DOB is very difficult because no option to directly select the year (must go through every month)
